

Protein-based Biodegradable Drug Carrier for Controlled Release of Hydrophobic Compounds

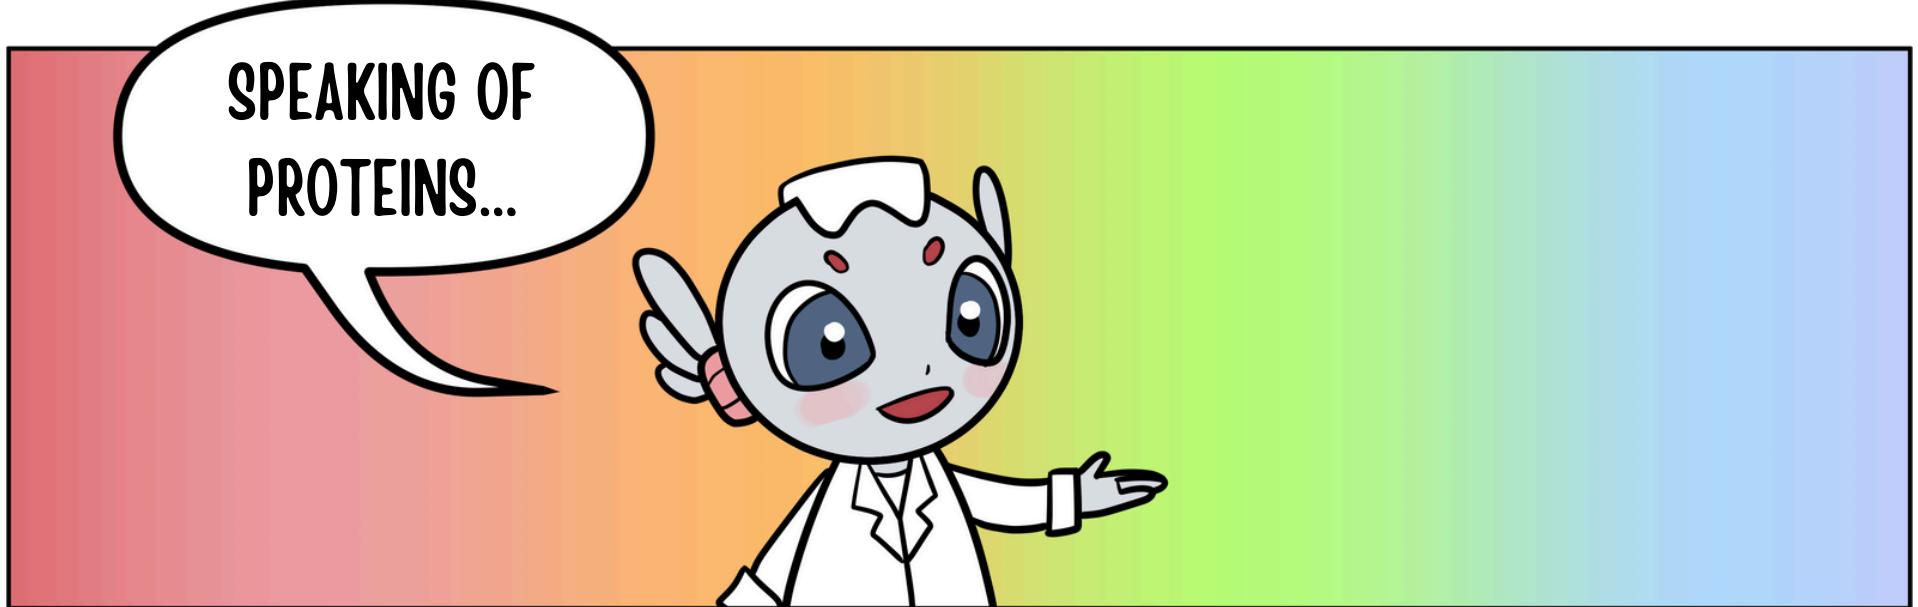

TODAY, WE'RE TAKING A
DIVE INTO THE HUMAN
BODY!

* a type of protein crystals that can act as a drug carrier

How will pH affect the results?

ARTICLE TITLE: PROTEIN-BASED BIODEGRADABLE DRUG CARRIER FOR CONTROLLED RELEASE OF HYDROPHOBIC COMPOUNDS

AUTHORS: QINGYUAN CHENG, YAN YEE LAU

COMIC DRAWN BY: WAN YIXUAN
